* Tender Offer amended to increase purchase price

statistical bulletin

Beginning in June, 1974, the SEC **Statistical Bulletin** will be published monthly instead of on the present weekly schedule.

The contents of the **Statistical Bulletin** includes the following items:

- STATISTICAL SERIES RELEASES -- This series includes data on round-lot and odd-lot share volume in stock exchanges, OTC volume in selected securities, block distributions, securities registrations and offerings, net changes in corporate securities outstanding, working capital of U. S. corporations, and assets of non-insured pension funds.

- 144 FILINGS -- Form 144 is a notice of the proposed sale in ordinary trading transactions of limited amounts of securities owned by persons controlling, controlled by or under common control with the issuer, and by persons who have acquired restricted securities of the issuer.

- 8K REPORTS -- These must be filed with the Commission when material corporate developments such as changes in control of a registrant, acquisition or disposition of assets, or legal proceedings have occurred in the past month.

Because of rising costs and staff limitations, the SEC has discontinued its free mailing lists. Releases under the various Acts are made available through another publication, the **SEC Docket**. However, the statistical series releases and the 144 information can be obtained only by subscribing to the **Statistical Bulletin**. Subscriptions can be entered by completing the form below, and mailing it with $23.80 to the Superintendent of Documents. Current subscriptions to the weekly Statistical Bulletin will be replaced with monthly issues until the subscription term ends.
